

Mandan Park District
Board Meeting Minutes
August 8th, 2016

The Board of Park Commissioners duly met in regular session on Monday, August 8th, 2016 at Ed "Bosch" Froehlich Meeting Room, City Hall. Those present were President Arenz, Vice President Knoll, Commissioner Meschke, and Commissioner McPherson

President Arenz called the meeting to order at approximately 5:30 pm, CDT. President Arenz asked for approval of the minutes for July 11, 2016 regular meeting, July 11, 2016 retreat and July 15, 2016 special meeting. Motion was made by Vice President Knoll, seconded by Commissioner Meschke. Motion passes.

New Business:

- Section 1.) Consider for approval Pledge of Securities. Heide Delorme, accounting manager stated that the Mandan Park Board is required semiannually to approve the pledges and securities that we receive from all of our banks. Mandan Park District receives monthly reports by all the banks to confirm that there is enough pledge to cover deposits. Except for the Bank of North Dakota, financial institutions must pledge securities for all public deposits at a ratio of \$1.10 for every \$1.00 above the FDIC coverage is \$250,000 for interest bearing accounts and that's what we have. This is in accordance with the provision of NDCC 21-04. Motion was made by Commissioner Meschke, seconded by Commissioner McPherson.
- Section 2.) Consider approval paying off Softball multi-purpose building early. Heide Delorme, Accounting manager stated that there are 2 payments due on the softball multi-purpose building. Each payment is \$109,213.92. One is due November 1st of this year and one is due November 1st of next year. Would like to pay that loan off in the amount of \$210,993.04 in November of this year. This loan payment comes out of our general fund and that would allow us to pay this off 1 year early. This would free up funds for the 2017 budget and would save us in interest. Interest savings is \$7,434.80. Motion was made by Commissioner McPherson, seconded by Vice President Knoll. Motion passes.
- Section 3.) Approve recommendation for CD investments. Heide Delorme, Accounting managers stated that we recently have 5-\$50,000 CD's invested with Wells Fargo that matured on April 26th. The interest rate we received for these was 1.98%. The money is now sitting in the savings account that earns .03% interest. So I solicited interest rates from all of our current banks on CD's from 3-5 years to reinvest the funds. Starion Financial had the best rates. For 3 year they had 1.35% and 5 year they had 1.95%. Investing in a 5 year CD would earn an addition \$1,500 annually. Investing in a 5 year would yield annual interest of \$4,875. Recommending reinvesting these funds in a 5 year CD with Starion Financial with an interest rate of 1.95%. Motion was made to reinvesting the funds in 5-\$50,000 CD or one \$250,000 CD at the rate of 1.95% with Starion Financial, seconded by Vice President Knoll. Motion passes.
- Section 4.) Update on DCP improvements from BMSCA. Director Higlin stated that the discussion of the meeting was to upgrade the electrical to 50 amp breakers from 30 amps and add on an additional 15. In addition to that they already started the work. They are adding 20 spots that have water and sanitary sewer hookups to it which will enhance the facility for the rodeo and the stock car events. The Stock Car Association has requested funding from the visitors fund which is through the City of Mandan. They are trying to add on to the original pavement to the roadway leading into the complex and also add some street lighting into the area which is about a \$70,000 investment. The first items were 100% paid for by the BMSCA so there is no expense to the park district and they have a long term lease with the pipeline company that's coming through that is going to rent them out and that is how they are going to reinvest the dollars generated from the lease back into paying for

the improvements for the hookups. They have made a request to the visitors fund through the city of Mandan. Their total request they asked for is \$130,000 and that hasn't come before our board. Motion was made by Vice President Knoll to move forward in requesting the funds from the Visitors Fund with the City of Mandan for the camping site, asphalt and the lighting, seconded by Commissioner Meschke. Motion passes.

- Section 5.) Annual retreat items for further discussion/approval:
 - Drone for marketing department. Director Higlin requested the approval for the purchase of a Drone for the Marketing Department. The cost would be \$500.00 for the DJI-Phantom 3 Standard Quadcopter Drone plus the addition cost to insure the drone. In 2014/2015 the Marketing Department spent over \$7,000 in drone projects throughout the district. Motion was made by Commissioner McPherson, seconded by Vice President Knoll. Motion passes.
 - Turf baseball field. Director Higlin stated that through research that youth diamond was \$300,000 at Faris Field (Turf Only). Diamond 10 infield and outfield would be \$1.4 million. It is recommended that before proceeding with the baseball/fast pitch improvement a comprehensive plan of what Recreation/Parks Department and Baseball Club needs are before proceeding with any improvements.
 - Advertise RFP for Architectural Services for ASA renovation. Director Higlin stated there would be two phases. Phase one would be the architect would be doing the work at no cost to the Park District or the School District in conjunction with phase one. And that would get us the Schematic drawings, a cost estimate of construction and assist with some operation budgets, what it would take to maintain this facility. In addition they would have to attend 2 public meetings with the user groups and make a final presentation back to this board and the school board so we can make a decision. Phase two would be once there is a motion from both boards to proceed with the renovations of the ASA then that's when the fee would kick in and they would be compensated at that time. Motion was made by Vice President Knoll, seconded by Commissioner Meschke. Motion passes.

Heide Delorme, Accounting Manager gave an update on the Sales Tax Collections. It is collection from October through May which we get two months after the fact so \$1,024,131 is the collection through May. Our first payment on the bonds is due September 1st of \$117,433.34 which is interest only. An additional \$165,000 will be paid toward the principal of the 2016B bond. Also an update on the reimbursements on our invoices paid to date of \$964,236.98 and we will be reimbursed monthly as we pay the invoices.

Dustin Fleck, Park Superintendent stated that the new Kiwanis Park Playground is being installed. Just waiting on contractor for curb and sidewalk.

Dave Frueh, Recreation Manager stated that he spoke with Annette with Dreams in Motion and will coordinate with her to get them ice time on Saturday or Sundays throughout the year for their sports and recreational activities

Authorization of payment of the monthly bills. Motion made by Vice President Knoll, seconded by Commissioner McPherson. Motion passes.
